## DETAILED ACTION

### *Reasons for Allowance*

The following is an examiner's statement of reasons for allowance:

The prior art (Choi et al. US Patent No. 6,103,759 and Post RM, et al.) does not reasonably anticipate or make obvious the invention; there is no apparent motivation to combine the references for treatment of bipolar disorder. In addition, the Morozova reference ("The new approaches to treatment of depression at bipolar affective disorders," 2001 *Psichiatriya I Psikhofarmakologiya* 3(1): 1-8; translation from Russian) does not specifically contemplate treatment of bipolar disorder with the claimed compounds, nor anticonvulsant therapy for mood stabilization in bipolar disorder. The Morozove reference, in view of it's translation, does not reasonably anticipate or make obvious the invention; there is no apparent motivation to combine it with either the Choi or Post references.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
